God Changes Husbands

The following message was sent to Al Whittinghill after ministering in a local church:

God bless you and your family at this special time of the year. Yes, we are still reading and praying together every day. What a change! Several people have committed how my husband has changed. He is a much happier person. He is a person who can do EVERYTHING, and do it right. He can make another man feel stupid because they don't know how to do something. The other day he was working with a gentleman at church. This man called me and said he thought he was working with another man, my husband had changed so much. Praise God!!

My husband will tell you how spending time together reading and praying has changed our lives. In the past he would never do that. He is also singing, He said he could not sing a line. It's been a real change. Just doing what we should have done 48 yrs ago, it's great. He is doing the leading not me. I have always been the leader, now I just sit back and let him lead. Its great. PRAISE GOD!

Thanks again for your time with us. We thank God for you and what you've challenged us to do.
